

Spirit of Discovery THE BEST VIEWS AROUND

SEE ALASKA FROM INSIDE AND OUT

The first thing guests notice when stepping into the Discovery Lounge aboard the 84-guest *Spirit of Discovery* is light, air, and views – wide picture windows port and starboard, and a wall of floor-to-ceiling windows facing forward. Backing the delightful scene are a bar and library with exquisitely detailed woodworking.

This is one of Cruise West's most popular vessels. Every category stateroom offers a wide view window, many of which open for you to enjoy fresh breezes. Ample outside deck space and easy access to the extra-roomy bow area are perfect spots to view the sights around you.

- 84 guests
- 166 feet in length
- Cruising speed of 13 knots
- Registered in United States
- American crew
- All cabins feature private facilities
- Cabin proportions as illustrated are approximate
- Bed sizes vary from standard

The *Spirit of Discovery* features a wide variety of comfortable, well-appointed staterooms.

Deluxe staterooms feature a desk and a view window.

This Category AAA cabin, like all *Spirit of Discovery* staterooms, has a large view window.
